CLUB-READY VIDEO IN 7 STEPS

Scouts decide in the first 30 seconds. Make those seconds count.

Most highlight videos are skipped because the scout cannot find the player, cannot see the level, or cannot find the basic information. Fix these 7 points and your video becomes usable.

THE 7 STEPS

1 Start with your ID card (10 seconds)
Name, date of birth, position, strong foot, height, current club, shirt number and colour.

2 Show who you are in every clip
Freeze the image and mark yourself with a circle or arrow 1 second before each action.

3 3 to 5 minutes, best actions first
Your 5 best actions in the first 30 seconds. No long intro, no slow motion everywhere.

4 Real matches beat training drills
Film from high up and wide, camera steady, so the scout sees your positioning and the level of play.

5 Show what your position needs
Striker: finishing, movement, headers. Midfielder: scanning, passing under pressure. Defender: duels, 1v1, build-up. Winger: 1v1, speed, crosses.

6 Add one full match
Clubs always ask for a full, unedited match. Put the link under your highlights.

7 Clean upload, then the app
HD 1080p, landscape, no music with lyrics. Title: "Name – Position – Year of birth". Upload to YouTube, then add the link to your BYSPORTS Connect profile.

QUICK CHECK BEFORE YOU UPLOAD

- ✔ Am I clearly visible in every clip?
- ✔ Can a scout see my age, position and foot in 10 s?
- ✔ Is there a full match link?
- ✔ Is it on my BYSPORTS Connect profile (not sent by private message)?

⚠ Profiles without a video, or where the player is not clearly visible, are not validated on BYSPORTS Connect.
